KESTREL COMMUNITY GRANTS

Each year Kestrel offers grants for community initiatives, events and programs up to $5,000 (however we will consider all applications).

Our Community Grants Program supports initiatives that create meaningful impacts in the areas we live and work. We're inviting local not-for-profit and community groups to apply for funding to bring their ideas to life. Whether you're focusing on health and well-being, education and opportunity, environment and sustainability, or community enhancements, we're here to help you make it happen.

We offer three application cycles annually, providing multiple opportunities for organisations to secure funding for their initiatives. We encourage successful applicants to reapply in future cycles, allowing them to continue building on their projects or bringing fresh ideas to life.

Whilst we are open to all community groups applying, we will not provide community investment support to organisations that are:

- For profit, without clear community connection.
- Discriminating on the basis of race, gender, ethnicity or lifestyle.
- Based around religious or political activities.
- Involved in advocacy or lobbying.
- Projects or programs that would ordinarily be fully funded

KESTREL COAL RESOURCES

KESTREL COMMUNITY GRANTS

To be successful, applications will be assessed on how they fit within the parameters of our core community focus areas - the four focus areas are:

1 Health & Wellbeing

Healthy minds, healthy bodies and healthy relationships are key to a healthy community.

2 Education & Opportunity

Brighten the opportunities for our locals and encourage life-long learning.

3 Community Enhancements

Create access to a diverse range of support and services and improve the lives of our people.

4 Environment & Sustainability

Improving our environment and working on sustainability in our community.

✓ In addition, applications will need to:

- Deliver a project or involve the local community.
- Be a not-for-profit group or community project.
- Develop community capacity and capability.
- Align with the focus areas listed within this document.
